

Be a Bus Stop Pro!!

At the bus stop:

- be 10 minutes early, the bus cannot wait for you
- stand on the sidewalk or green space visible to the bus driver
- do not go on **private property** and driveways
- in the winter do not play on the snow banks
- pay attention to cars, bicycles and pedestrians
- wait for the bus to stop before walking to it
- if you cross the road to get on the bus, wait until the **red lights** are flashing, stop arm and crossing gate are out and watch for the driver to signal you it's safe to cross
- look both ways before you cross.
