Dear Parents/Guardians of Pre-Kindergarten and Kindergarten Students:

Welcome to the beginning of an exciting adventure – the start of your child’s formal education! New York State Public Health Law, Section 2164 mandates that schools shall not permit a child to be admitted to school, unless the parent provides the school with a certificate of immunization or proof from a physician that their child has been immunized. Immunizations must be documented and signed by a health care provider or health department. Baby books are no longer accepted as proof of vaccination. All documentation must specify the exact date each immunization was administered. Your child will not be permitted to attend school without the necessary verification of immunizations.

Most Pre-Kindergarten students will require additional vaccinations prior to the start of Kindergarten. Please contact your health care provider to make these arrangements.

In addition to vaccinations, New York State Law also requires the parent/guardian of any child entering a Pre-Kindergarten/Kindergarten program to provide the school district with a report of a medical examination, signed by a licensed health care provider and submitted using the enclosed physical exam form (no other format will be accepted). This exam must be current and not done more than twelve months prior to the commencement of the school year. Proof of lead testing and a dental health certificate containing a report of a comprehensive dental examination are also required.

Thank you for your attention in this matter. Have a wonderful school year!

Sincerely,

Caren Radell, RN
Supervisor of Nursing and Health Services

Re: Administration of Medication in School

The policy for students receiving medication in school is as follows:

1. **NO MEDICATION WILL BE GIVEN IN SCHOOL WITHOUT A WRITTEN PHYSICIAN'S ORDER.** This order must include the student's name, name of medication, dosage, time and dates to be given. The label on the medicine bottle is not sufficient.
2. **A WRITTEN REQUEST FROM THE PARENT FOR THE SCHOOL HEALTH OFFICE TO ADMINISTER THE MEDICATION MUST BE PROVIDED.**
3. Medicine arriving in school in unmarked containers, baggies, etc., will not be given. The medication must be in its original container.
4. The medication should be delivered to the school by the parent/guardian.
5. Do not send aspirin or other single dose medication to school with your child. These medications will not be administered without fulfillment of the requirements stated above. **This also includes cough drops.**
6. The medication will be kept in the school health office throughout the time it is to be administered.
7. Parents will be contacted to make arrangements to pick up discontinued or unused medication.
8. Medications must be picked up at the end of the year or they will be discarded.
9. New physician orders for medication administration are required for each school year.

If, at any time, you have questions or concerns regarding the administration of medication, or this procedure, please contact your school health office.

Thank you for your cooperation.

Authorization for Release of Health Information and Confidential HIV-Related Information*

This form authorizes release of health information including HIV-related information. You may choose to release only your non-HIV health information, only your HIV-related information, or both. Your information may be protected from disclosure by federal privacy law and state law. Confidential HIV-related information is any information indicating that a person has had an HIV-related test, or has HIV infection, HIV-related illness or AIDS, or any information that could indicate a person has been potentially exposed to HIV.

Under New York State Law HIV-related information can only be given to people you allow to have it by signing a written release. This information may also be released to the following: health providers caring for you or your exposed child; health officials when required by law; insurers to permit payment; persons involved in foster care or adoption; official correctional, probation and parole staff; emergency or health care staff who are accidentally exposed to your blood; or by special court order. Under New York State law, anyone who illegally discloses HIV-related information may be punished by a fine of up to \$5,000 and a jail term of up to one year. However, some re-disclosures of health and/or HIV-related information are not protected under federal law. For more information about HIV confidentiality, call the New York State Department of Health HIV Confidentiality Hotline at 1-800-962-5065; for more information regarding federal privacy protection, call the Office for Civil Rights at 1-800-368-1019. You may also contact the NYS Division of Human Rights at 1-888-392-3644.

By checking the boxes below and signing this form, health information and/or HIV-related information can be given to the people listed on page two (and on additional sheets if necessary) of the form, for the reason(s) listed. Upon your request, the facility or person disclosing your health information must provide you with a copy of this form.

Dental Health Certificate

Parent/Guardian: New York State law (Chapter 281) permits schools to request a dental examination in the following grades: school entry, K, 2, 4, 7, & 10. Your child may have a dental check-up during this school year to assess his/her fitness to attend school. Please complete Section 1 and take the form to your dentist for an assessment. If your child had a dental check-up before he/she started the school, ask your dentist to fill out Section 2. Return the completed form to the school's medical director or school nurse as soon as possible.

Section 1. To be completed by Parent or Guardian (Please Print)

Child's Name:		Last	First	Middle
Birth Date:	/ /	Sex: <input type="checkbox"/> Male	Will this be your child's first visit to a dentist? <input type="checkbox"/> Yes <input type="checkbox"/> No	
	Month Day Year	<input type="checkbox"/> Female		
School:	Name			Grade
Have you noticed any problem in the mouth that interferes with your child's ability to chew, speak or focus on school activities? <input type="checkbox"/> Yes <input type="checkbox"/> No				
I understand that by signing this form I am consenting for the child named above to receive a basic oral health assessment. I understand this assessment is only a limited means of evaluation to assess the student's dental health, and I would need to secure the services of a dentist in order for my child to receive a complete dental examination with x-rays if necessary to maintain good oral health.				
I also understand that receiving this preliminary oral health assessment does not establish any new, ongoing or continuing doctor-patient relationship. Further, I will not hold the dentist or those performing this assessment responsible for the consequences or results should I choose NOT to follow the recommendations listed below.				
Parent's Signature		Date		

Section 2. To be completed by the Dentist

I. The Dental Health condition of _____ on _____ (date of exam) The date of the exam needs to be within 12 months of the start of the school year in which it is requested. Check one:

- Yes, The student listed above is in fit condition of dental health to permit his/her attendance at the public schools.
- No, The student listed above is not in fit condition of dental health to permit his/her attendance at the public schools.

NOTE: Not in fit condition of dental health means that a condition exists that interferes with a student's ability to chew, speak or focus on school activities including pain, swelling or infection related to clinical evidence of open cavities. The designation of not in fit condition of dental health to permit attendance at the public school does not preclude the student from attending school.

Dentist's name and address (please print or stamp)

Dentist's Signature

Optional Sections - If you agree to release this information to your child's school, please initial here.

II. Oral Health Status (check all that apply).

- Yes No Caries Experience/Restoration History - Has the child ever had a cavity (treated or untreated)? [A filling (temporary/permanent) OR a tooth that is missing because it was extracted as a result of caries OR an open cavity].
- Yes No Untreated Caries - Does this child have an open cavity? [At least 1/4 mm of tooth structure loss at the enamel surface. Brown to dark-brown coloration of the walls of the lesion. These criteria apply to pits and fissure cavitated lesions as well as those on smooth tooth surfaces. If retained root, assume that the whole tooth was destroyed by caries. Broken or chipped teeth, plus teeth with temporary fillings, are considered sound unless a cavitated lesion is also present].
- Yes No Dental Sealants Present

Other problems (Specify): _____

III. Treatment Needs (check all that apply)

- No obvious problem. Routine dental care is recommended. Visit your dentist regularly.
- May need dental care. Please schedule an appointment with your dentist as soon as possible for an evaluation.
- Immediate dental care is required. Please schedule an appointment immediately with your dentist to avoid problems.
