We will store each student's supplies in school, to replace as they run out. We do this for two reasons- ease of replacing them right away and back to school sales!

We will send a note home if anything needs to be replenished throughout the school year.

It is also very helpful if you can take any packaged items out of the package and send everything in a gallon-sized ziplock bag. This makes it so much easier for us to organize each child's supplies that first day
