

School Supply List

2024-2025 School Year

Dear Class,

Hello! Welcome to Grade 3. We are so excited to meet you!

We will have a busy year learning about everything from world communities to fractions. You will even become experts at cursive writing and will do a lot of scientific thinking! Do you like to read? We hope so, because we like to read too!

Here is what to bring with you to school:

- 2 Packs of Pencils - Please consider buying them pre-sharpened (we use so many!)
- Pencil/Crayon Box

Please consider donating:

Boys - Baggies (any size) **OR** an extra pack of Expo Markers
Girls - Tissues

Everyone - Extra Classroom Snacks (nonperishable food items such as chips, pretzels, fruit snacks, crackers, apple sauce and more).

(We run low on snacks very early on in the school year. It is difficult for kiddos to learn on an empty stomach. All donations are much appreciated!)

You might want to pack a water bottle and a snack daily too! =)

See you soon,

The Third-Grade Teachers
