A COMEDY BY DON ZOLIDIS

## About the production

Right before the school year went into a temporary shutdown, a friend of mine said, “When they cancel soccer in Europe, you know things have gone totally off the rails.” Then basketball was cancelled, and baseball and everything imaginable. Things have gone totally off the rails, but I am impressed by the response of so many people to try to take this all in stride and figure out how to function in this suspended state of our world.

Traditionally, we have been doing student work in the spring, showcasing their creativity and talents. When we initially left school, I told the kids to keep working on their parts so we could hit the ground running when we got back. As the days marched on, it became more and more apparent that we weren't going to get back in time. Then, our shutdown got extended. My wife said, ‘It's too bad you can't do the play online’ and this play came into my inbox and I thought it was perfect. I floated the idea to the club about trying this out and they have enthusiastically joined me on this strange adventure.

We wanted a way for everyone to forget about the world for a little bit, or at least laugh about it. I know that we have laughed and smiled as we put this together. We aren't charging anything for our production. If you enjoyed it, think about checking us out next fall or spring...hopefully in a theater. If you really enjoyed it, and you have the financial means, support the arts, or a charity, or a local business...they need us so much in these times and these times have proven how much we need them.

I can't begin to thank the essential workers enough, for going out to work, wherever it is, to work in close proximity to all kinds of people and to risk exposure to keep the world running – and it isn't just doctors and nurses, so many students find themselves in this situation: your service is invaluable. And to the rest, who are doing the best with what they have and making the best of a tough situation. This is our shot to find some normalcy, while keeping social distance. Thank you so much for joining us tonight.

## **Dylan Bianco**

I have performed in three other shows with the drama club. Time spent in drama club is always exciting and memorable. I never expected to become so invested in drama club or performing in general, but it quickly became one of my favorite things. I am so thankful to have become a part of the drama club and to have gotten so close with all of the other members. I would like to thank all of my friends and family for always being supportive of me and for making me laugh.

Thank you all for watching our show! My name is Jeremiah Czyz and I am a senior this year. I am the secretary for Drama Club and I have been in two Drama Club shows, along with a musical for each of my four years of high school. All of us in Drama Club are very proud of what we've done with the show, and we hope you enjoy our performance!
