

Covid-19 Cleaning Procedures

Normal Established Daily Cleaning Procedures Utilizing:

- Buckeye Eco E15/S15 Hydrogen Peroxide Cleaner
- Buckeye Eco E13 Multi-Purpose Glass Cleaner
- Buckeye Eco E61 Heavy-Duty Cleaner
- Buckeye Eco E16 Acid Cleaner
- Buckeye Eco E33 Floor Cleaner

Daily Disinfecting Application on High Touch Surfaces will include the use of the following:

- Clean first with established normal daily cleaning procedures and then final step with Oxivir Five 16 Concentrate #57 (applied by manual trigger spray bottles and/or Victory cordless handheld electronic sprayers)

[Disinfect = 5 minutes wet]

Daily Disinfecting Application of Other Surface Areas:

- Clean first with established normal daily cleaning procedures and then final step with Oxivir TB RTU-5 (applied by manual trigger sprayer and/or wiping surface with wet microfiber)

[Disinfect = 1 minute wet]

- Clean first with established normal daily cleaning procedures and then final step with Buckeye Eco E23/S23 Neutral Disinfectant (applied with manual trigger gun and wet microfiber or electro-static Victory sprayer)

[Disinfect = 10 minutes wet]

Personal Protective Equipment:

- Cleaning staff will be provided disposable gloves and facemasks for all tasks in the cleaning process, including handling trash. Gloves and facemasks should be removed and disposed of carefully to avoid contamination of the wearer and the surrounding area. Be sure to immediately wash hands for a minimum of (20) seconds with soap and dry with paper towel.
