

Phase-in Approach for Hybrid Learning at Auburn ECSD

The Auburn Enlarged City School District is planning a phase-in approach for hybrid learning. Each phase brings more grade levels into school. At each phase the district will analyze federal, state and local mandates, the infection rate, testing and contact tracing process, timeline, and overall success of bringing in new students. This analysis will be used to determine when to begin the next phase and improve its implementation.

Ongoing Analysis to Improve the Next Phase

The data analysis from the current phase will help improve the next phase and determine when it should begin.
