NYS Digital Access Survey   

Start Date: 10/18/2021  End Date:  

Did the school district issue your child a dedicated school or district-owned device for their use during the school year?

What is the device your child uses most often to complete learning activities away from school? (This can be a school-provided device or another device, whichever the student is most often using to complete their schoolwork.)

Who is the provider of the primary learning device identified in Question 2? (This can be a school-provided device or another device, whichever the student is most often using to complete their schoolwork.)

Is the primary learning device (identified in Question 2) shared with anyone else in the household?

Is the primary learning device (identified in Question 2) sufficient for your child to fully participate in all learning activities away from school?

Is your child able to access the internet in their primary place of residence?

What is the primary type of internet service used in your child's primary place of residence?

In their primary residence, can your child complete the full range of learning activities, including video streaming and assignment upload, without interruptions caused by slow or poor internet performance?

What, if any, is the primary barrier to having sufficient and reliable internet access in your child's primary place of residence?

When all questions are answered, click on the green disk near the survey name to save your changes. Your survey results will appear as shown below:
